Democratizing Education

Content

1. Current Scenario
2. Possible Solution
3. Implementation
4. Advantages
5. Collaborations
6. Our Deliverables

Current Scenario

VDT

01

Science Students aspire
to become Engineers or
Doctors

Admissions are done
through
Entrance Exams

02

03

Junior Colleges
DO NOT train Students
for these
Entrance Exams

Identifying the Root Cause of The Problem

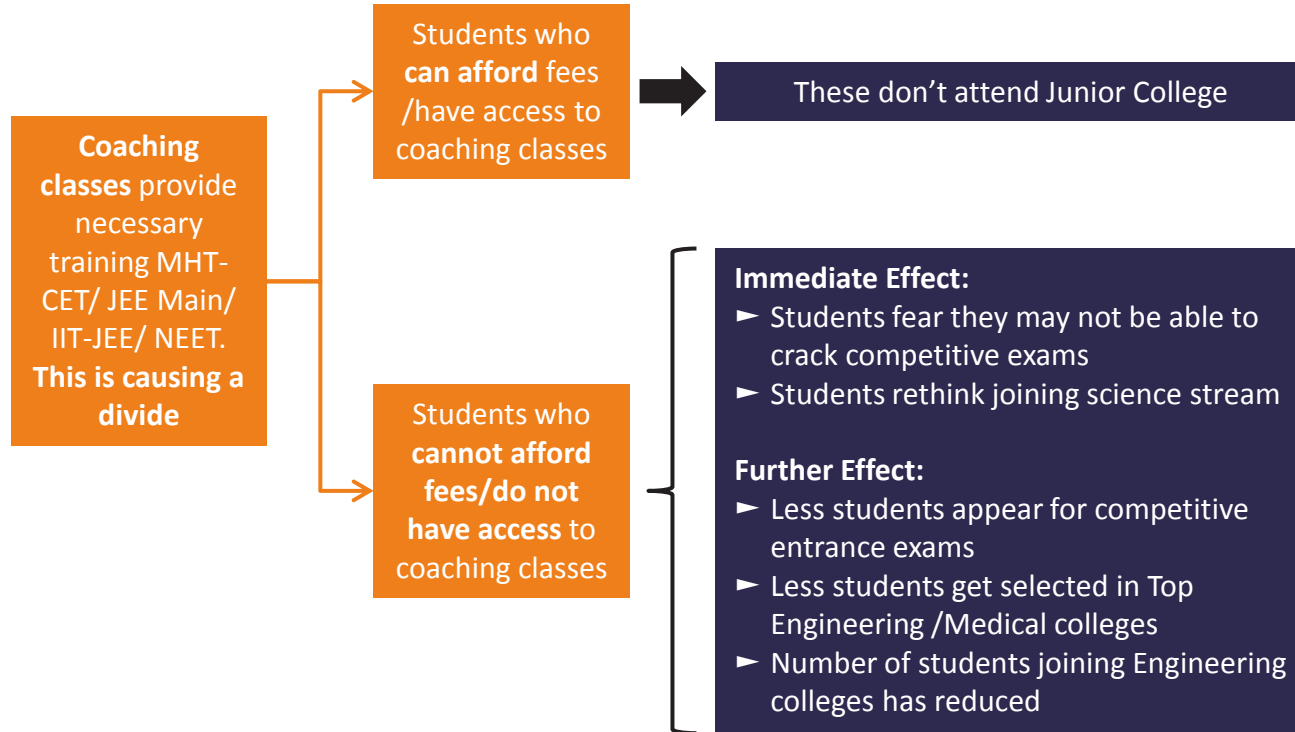

Majority of the students who join Science Stream aspire to become Engineers or Doctors.

Admissions to Engineering and Medical Admissions are done through Competitive Entrance Exams like MHT-CET/ JEE Main/ IIT-JEE/ NEET.

But our **Junior Colleges DO NOT train students** for these Competitive Entrance Exams.

This is the crux of the problem.

Current Scenario

Unfortunately ONLY those students who can afford coaching get better access to education

Possible Solution

We need to give equal opportunity to all students to be able to crack MHT-CET/ JEE Main/ IIT-JEE/ NEET.

Vidyalankar's mission is to collaborate with Junior Colleges across Maharashtra to boost their students' performance in these competitive Exams at an affordable price.

This is possible only if the coaching of Boards & MHT- CET/ JEE Main/ IIT-JEE/ NEET is synchronized in Junior Colleges itself.

BUT HOW ?

VDT

Implementation

- The Junior College should identify 1 classroom to be the SMART Classroom.
- Coaching will be delivered from Studios in Mumbai using state of the art Synchronous Learning Technology.

7 a.m. to 9 a.m.	9 a.m. to 11 a.m.	11 a.m. to 1 p.m.	1 p.m. to 3 p.m.	3 p.m. to 5 p.m.	5 p.m. to 7 p.m.
NEET LIVE	CET LIVE	IIT JEE LIVE	CET LIVE	CET LIVE	NEET LIVE
Batch 1 of 2	Batch 1 of 3	Batch 1 of 1	Batch 2 of 3	Batch 3 of 3	Batch 2 of 2

- Students will thus get access to the best faculty right in their College and that too at an extremely affordable price.

Advantages

VDT

01 | Students get access to the best teachers at a low cost reducing commercialization of education.

02 | Colleges can use this course as a USP to attract more & better quality students.

03 | Capacity building of faculty by attending lectures of MHT-CET/ JEE Main/ IIT – JEE/ NEET.

04 | Students get coaching in college itself; won't attend coaching class increasing attendance in college.

05 | Students interact with others' at the national level on the platform making them more competitive.

06 | Students get access to a vast repository of video lectures making revision effective.

Vidyalankar Deliverables

Area	Deliverables
Technical Support	Guidance on procuring the Projector, VC Equipment and lease line connectivity
Student Admission & Onboarding	Will provide the Vidyalankar brand & guidelines
	Will provide the JDs & KRAs for on site counselors, counseling training manual and counseling brochure
Academic Delivery / Operations	Synchronized lecture timetable
	Month wise program structure
	Library set of study material
	Lecture delivery by expert faculty in synchronous learning mode
	Capacity Building of Faculty
	Test papers, test planning & analysis
	Access to the video library
Students & Parents Interaction	Individual doubt solving through Email/Whatsapp
	Conducting parents meeting once a quarter

Investment

Technical Infrastructure

- HD LCD Projector & sound system
- Video Conferencing Equipment
- 1 Mbps point to point leased circuit
- Uninterrupted power supply
- Router (if not available)

Academic Delivery (for MHT-CET/NEET)

- Any 1 Program Per Batch
 - INR 3 lakhs + GST on signup and balance as INR 0.75 lakhs + GST monthly for 12 months (April – March)
- Both Programs Per Batch (*plus complimentary coaching for JEE Main+IIT-JEE*)
 - INR 3 lakhs + GST on signup and balance as INR 1.25 lakhs + GST monthly for 12 months (April – March)

Program Viability

- Fee charged by coaching classes (for both years combined) :
INR 1,00,000/- to INR 4,50,000/-
- Effective cost per student (for both years combined) in this model :
INR 25,576/-
- *The college may charge as they deem fit to students*
